

ELEVATED DIGITAL LEARNING ACADEMY

Elevated Digital Learning Academy is an online school with a focus on Experiential Learning where online work is supplemented by meet-up activities throughout the year.

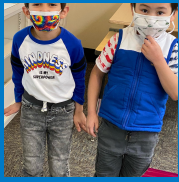

Is Online Elementary School a Good Fit for my Student? Elevated's elementary program is designed to provide a flexible learning environment that meets the needs of your family and your student's learning style. Our curriculum inspires a love of learning by fostering an engaging learning environment.

Is Online High School a Good Fit for my Student? Elevated Academy is a WASC accredited, alternative high school that gives students and parents access to certified teachers and professionally developed online curriculum. Students attend live, online classes each day and meet with teachers for guidance, and help when needed as well as optional meet-up activities on our physical campus.

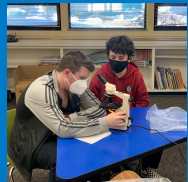

Is Online Middle School a Good Fit for my Student? If your child is an athlete who travels often, or is struggling academically or socially, our middle school program could be what you're looking for. Here students experience a flexible learning environment where rigor and relationships are built through small class sizes and cohorts of specialized instruction led by credentialed educators.

A Typical Day at Elevated Academy Students interact with course material, teachers, and peers. Live online and asynchronous work is assigned to reinforce lesson objectives and help students explore the curriculum in an engaging way.

AT ELEVATED OUR MISSION IS TO PROVIDE A RIGOROUS AND COMPREHENSIVE EDUCATION THAT FOSTERS INQUIRY, INSPIRES COMPASSION, AND DEVELOPS SELF RELIANCE FOR OUR DIVERSE STUDENT BODY IN A PHYSICALLY, EMOTIONALLY, AND SOCIALLY SAFE ENVIRONMENT.

While we're a virtual school, our office has a physical location. We are currently housed on the AI Tahoe Campus at 1100 Lyons Avenue in South Lake Tahoe, California. 530-543-2310
